Acting Economic Development & Communications Officer

SOUTH DUNDAS – The Municipality of South Dundas is pleased to announce Tia Fraser-Dupuis as Acting Economic Development & Communications Officer.

Fraser-Dupuis has worked with South Dundas since 2019 prior to accepting this position.

“Congratulations to Ms. Tia Fraser-Dupuis, her commitment and hard work has been outstanding for our community since she joined South Dundas. In this new role, Tia’s energy and passion will shine. I’m pleased for her and the municipality with this announcement.” said Mayor Jason Broad.

Fraser-Dupuis was first hired on as a summer student, which led to full-time employment as an Administrative Assistant, and most recently as Corporate Services Coordinator. This has allowed for the building of necessary municipal knowledge and community relationships. Tia has also completed AMCTO’s Municipal Administration Program and is enrolled in the University of Waterloo’s Economic Development Certification Program.

“I am delighted to be taking on this role,” said Fraser-Dupuis. “I look forward to working with Council, my fellow team members, and the community to further economic development and communications initiatives in South Dundas.”
