

THE CORPORATION OF THE VILLAGE OF IROQUOIS

BY-LAW NO. 79-2

BEING a By-Law for prescribing standards for the maintenance and occupancy of property within the Village of Iroquois, for prohibiting the occupancy or use of such property that does not conform to the standards, and for requiring property below the standards prescribed herein to be repaired and maintained to comply with the standards or the land thereof to be cleared of all buildings, structures, debris or refuse and left in a graded and level condition.

WHEREAS the Corporation of the Village of Iroquois desires to enact a by-law pursuant to the provisions of Section 36 of the Planning Act, R.S.O. 1970, Chapter 349 and amendments thereto;

AND WHEREAS there is in effect in the Village of Iroquois an Official Plan which includes provisions relating to Property conditions;

NOW THEREFORE the Council of the Corporation of the Village of Iroquois HEREBY ENACTS as follows:

1. SHORT TITLE

This By-law may be cited as the "Property Maintenance and Occupancy Standards By-law."

2. DEFINITIONS

- (1) Accessory Building - a detached, subordinate building not used for human habitation, located on the same lot as the main building.
- (2) Balustrade - means a row of balusters or spindles surmounted by a railing.
- (3) Bathroom - a room containing at least a toilet and bathtub or shower, or two rooms which contain in total at least one toilet and one bathtub or one shower.
- (4) Building - any structure used or intended for supporting or sheltering any use or occupancy.
- (5) Committee - Property Standards Committee.
- (6) Dwelling - a building or structure or part of a building or structure occupied or capable of being occupied in whole or in part for the purposes of human habitation and includes the land and premises appurtenant thereto and all outbuildings, fences or erections thereon or therein.
- (7) Dwelling Unit - one or more rooms connected together as a separate unit in the same structure and constituting an independent housekeeping unit for residential occupancy by humans for living and sleeping purposes.
- (8) Fire Resistance Rating - the time in hours that a material construction or assembly will withstand the passage of flame and transmission of heat when exposed to fire under specified conditions of test and performance criteria.

- (22) Residential Property - any property that is used or designed for use as a domestic establishment in which one or more persons usually sleep and prepare and serve meals, and includes any land or buildings that are appurtenants to such establishment and all steps, walks, driveways, parking spaces and fences associated with the dwelling or its yard.
- (23) Sewage - any liquid waste containing animal, vegetable or mineral matter in suspension or solution but does not include roof water or other storm runoff.
- (24) Sewerage System - the municipal sanitary sewerage system or private sewage disposal system approved by the Medical Officer of Health.
- (25) Standards - the standards of physical condition and of occupancy prescribed for property by this By-law.

3. MAINTENANCE AND OCCUPANCY STANDARDS

(1) Yards

- a. Yards shall be kept clean and free from rubbish or other debris and from objects or conditions that might create a health, fire or accident hazard.
- b. Heavy undergrowth and noxious plants, such as ragweed, poison oak, poison ivy and poison sumac, shall be eliminated from the yard.
- c. Any vehicle including a trailer, which is in a wrecked, discarded, dismantled or abandoned condition shall not be parked, stored or left in a yard, unless it is necessary for the operating of a business enterprise lawfully situated on the property.
- d. All reasonable means shall be employed to prevent the erosion of soil in the yard.

(2) Sewage and Drainage

- a. Sewage or organic waste shall be discharged into a sewerage system where such a system exists; where a sewerage system does not exist, sewage or organic waste shall be disposed of in a manner acceptable to the local health authorities.
- b. Sewage of any kind shall not be discharged into the surface of the ground, whether into a natural or artificial surface drainage system or otherwise.
- c. No roof drainage shall be discharged on sidewalks, stairs or neighbouring property.
- d. Storm water shall be drained from the yard so as to prevent excessive ponding or the entrance of water into a basement or cellar.

(3) Safe Passage

Steps, walks and driveways shall be maintained so as to afford safe passage under normal use and weather conditions.

(4) Accessory Buildings and Fences

- a. Accessory buildings and fences shall be kept in good repair and free from health, fire and accident hazards.
- b. Exteriors of accessory buildings shall be kept weather resistant through the use of appropriate weather resistant materials.

(5) Garbage Disposal

a. Garbage, refuse and ashes shall be promptly stored in receptacles and made available for removal in accordance with By-law 3192.

b. Every building, dwelling or dwelling unit shall be provided with sufficient receptacles to contain all garbage, refuse and ashes that accumulate in the yard, dwelling and/or building.

(6) Pest Prevention

a. A building shall be kept free of rodents, vermin and insects at all times, and methods used for exterminating rodents or insects or both shall be in accordance with the provisions of the current provincial Pesticides Act and all regulations passed pursuant thereto.

b. Basement or cellar windows, used or required for ventilation, and any other opening in a basement or cellar, including a floor drain, that might permit the entry of rodents, shall be screened with wire mesh, metal grill or other durable material which will effectively exclude rodents.

(7) Foundations

a. The foundation walls and basement, cellar or crawl space floors shall be maintained in good repair and be structurally sound, and where necessary shall be so maintained by shoring of the walls, grouting masonry cracks, waterproofing the walls or floors and installing subsoil drains at footing levels.

b. Every basement, cellar and crawl space in a building shall be adequately drained.

(8) Overall Structure

a. Every part of a building shall be maintained in a structurally sound condition so as to be capable of sustaining safely its own weight and any additional weight that may be put on it through normal use; materials which have been damaged or show evidence of rot or other deterioration shall be repaired or replaced.

b. All exterior surfaces shall be of materials which provide adequate protection from the weather.

c. The exterior walls, roofs and other parts of a building shall be free from loose, rotten, warped and broken materials and objects; such materials and objects shall be removed, repaired or replaced.

(9) Thermal Insulation

Thermal insulation of buildings to minimize heat losses shall be done in accordance with the provisions of the Ontario Building Code where necessary and practicable.

(10) Exterior Walls

The exterior walls and their components of a building shall be maintained so as to prevent their deterioration due to weather and insects and shall be so maintained by the painting, restoring or repairing of the walls, coping or flashing, by the waterproofing of joints and of the walls themselves, by the installing or repairing of termite shields and by the treating of the soil with appropriate pesticides.

(11) Roofs

A roof including the fascia board, soffit, cornice and flashing shall be maintained in a watertight condition so as to prevent the leakage of water into the building.

(12) Dampness

The interior floors, ceilings and walls of a building shall be kept free from dampness arising from the entrance of moisture through an exterior wall or through a roof or through a cellar, basement or crawl space.

(13) Doors and Windows

a. Windows and exterior doors and frames and basement or cellar hatchways shall be maintained in good repair so as to prevent the entrance of wind or rain into the building.

b. Rotted or damaged doors, door frames, window frames, sashes and casings, weatherstripping, broken glass and missing or defective door and window hardware shall be repaired or replaced.

c. Doors and windows shall be of such a construction as to prevent drafts and minimize heat losses through infiltration of outside cold air in cold weather seasons.

(14) Stairs and Porches

Inside or outside stairs and porches shall be maintained so as to be free of holes, cracks and other defects which may constitute possible accident hazards and all treads or risers that show excessive wear or are broken, warped or loose and all supporting structural members that are rotted or deteriorated shall be repaired or replaced.

(15) Egress

a. There shall be provided and maintained a secondary means of egress from the building for every dwelling unit located on each floor above the first floor and for two or more dwelling units located in the basement, so as to provide a safe and convenient means of egress in case of an emergency.

b. The means of egress and fire warning devices shall be to the satisfaction of the local Fire Department.

(16) Walls and Ceilings

a. Every wall and ceiling finish shall be maintained in a clean condition and free from holes, loose coverings or other defects which would permit flame or excessive heat to enter the concealed space.

b. Where fire resistant walls exist between separate dwelling units, they shall be maintained in a condition which maintains their fire resistant quality.

(17) Floors

a. Every floor shall be reasonably smooth and level and be maintained so as to be free of all loose, warped, protruding, broken or rotted boards or material that might cause an accident, and all defective floor boards or materials shall be repaired.

b. The floor of every bathroom, shower room and toilet room shall be so maintained as to be resistant to water and readily cleaned.

(18) Cleanliness

Every floor, wall, ceiling and fixture in a building shall be maintained in a clean and sanitary condition, and the building shall be kept free from rubbish, debris or conditions which constitute a fire, accident or health hazard.

(19) Water

Where a piped water system is available in the municipality:

- a. Every dwelling unit shall be provided with an adequate supply of drinkable running water from a source approved by the local Medical Officer of Health.
- b. Adequate running water shall be supplied to every water closet.
- c. Every sink, wash basin, bathtub or shower shall have an adequate supply of hot and cold running water.

(20) Plumbing

All plumbing, pipes and plumbing fixtures shall be kept in good working condition and free from leaks and defects, and all water pipes and appurtenances thereto shall be protected from freezing.

(21) Toilet, Kitchen and Bathroom Facilities

- a. Every self-contained dwelling unit shall be provided with at least one kitchen sink, water closet, wash basin, and bathtub or shower, and an acceptable means of sewage disposal.
- b. Where toilet, kitchen or bathroom facilities are shared by the occupants of residential accommodation other than self-contained dwelling units, an appropriate entrance shall be provided from a common passageway, hallway, corridor or other common space to the room or rooms containing the said facilities. The number of toilets, kitchens or bathrooms required shall be related to the number of occupants sharing the facility in accordance with the Ontario Building Code.

(22) Kitchens

- a. Every self-contained dwelling unit shall contain a kitchen area equipped with a sink, served with hot and cold water where available, storage facilities, a counter top work area and space for a stove and refrigerator.
- b. Every kitchen shall have provided an adequate and approved gas or electrical or other fuel supply for cooking purposes.
- c. There shall be at least thirty inches (30") clear space above any exposed cooking surface.

(23) Heating Systems

- a. Every dwelling shall be provided with suitable heating facilities capable of maintaining an indoor temperature of 20 degrees C (70 degrees F) for all dwelling units contained therein.
- b. The required heating system shall be maintained in good working condition so as to be capable of heating the dwelling safely to the required standard.
- c. No room heater shall be placed so as to cause a fire hazard to walls, curtains and furniture, nor to impede the free movement of persons within the room where the heater is located.

d. Where buildings contain two or more dwelling units, fuel fired heating appliances shall be located safely enclosed or separated from the remainder of the building in conformance with the Ontario Building Code.

(24) Chimneys

- a. Any heating or cooking apparatus or equipment used in the process of burning fuel or combustible material shall be properly vented to the outside air by means of a smokepipe, vent pipe or similar adequate chimney.
- b. Such heating or cooking apparatus or cooking equipment shall be properly connected to the chimney or flue by a permanently sealed connection.
- c. All connections between gaseous and liquid fuel burning appliances and equipment shall be maintained in good repair.
- d. All gaseous and liquid fuel burning appliances and equipment shall comply with the relevant provincial and/or municipal regulations.

(25) Electrical Services

- a. Where available, electrical facilities complying with the requirements of the Ontario Hydro shall be provided for all residential accommodation.
- b. Existing wiring and electrical facilities complying with the requirements of the Ontario Hydro shall be provided for all residential accommodation.
- c. Existing wiring and electrical equipment shall be in good, serviceable and safe condition, as required by the Ontario Hydro.

(26) Light

- a. Every habitable room, except for a kitchen, shall have a window or windows, skylights or translucent panels that face directly to the outside with an unobstructed light transmitting area of not less than ten per cent of the floor area of such rooms. The glass area of a sash door may be considered as a portion of the required window area.
- b. All public halls and stairs in multiple dwellings shall be illuminated at all times so as to provide safe passage.

(27) Ventilation

- a. Every habitable room shall have an opening or openings for natural ventilation and such openings shall have a minimum aggregate unobstructed free flow area of three square feet.
- b. An opening for natural ventilation may be omitted from a kitchen, living room or living-dining room if mechanical ventilation is provided which changes the air once each hour.
- c. Every bathroom or toilet room shall be provided with an opening or openings for natural ventilation or a system of mechanical ventilation which operates continuously or whenever the light is turned on in the bathroom or toilet room.

(28) Occupancy Standards

- a. No person shall use, or permit the use of, a non-habitable room in a building for a habitable room purpose.

- b. The maximum number of occupants in a dwelling unit shall not exceed one person per 100 square feet of habitable room floor area; any child under one year of age shall not be counted when computing the number of occupants; any child over one year, but less than twelve years shall be deemed one-half person in the computation of the number of occupants.
- c. The floor area under a ceiling which is less than 7 feet high shall not be counted for the purpose of computing habitable room space.
- d. Every room used for sleeping purposes in a dwelling or dwelling unit shall provide a minimum width of 6 feet and 600 cubic feet of air space for each occupant; the corresponding floor area should be not less than 60 square feet for the first occupant and not less than 40 square feet for each additional occupant.

4. BUILDING OFFICIAL TO ENFORCE BY-LAW

- (1) The Building Official of the **Village of Iroquois** shall act as Property Standards Officer and shall enforce the provisions of this By-law, at the direction of Council.
- (2) If, after inspection, the officer is satisfied that, in some respect, the property does not conform to the standards prescribed herein, he shall serve or cause to be served by personal service upon, or send by prepaid registered mail to the owner of the property and all persons shown by the records of the registry office, the land titles office and the sheriff's office to have any interest therein a notice containing particulars of the non-conformity and may, at the same time, provide all occupants with a copy of such notice.
- (3) After affording any person served with notice provided for by subsection 2 an opportunity to appear before the officer and to make representations in connection therewith, the officer may make and serve or cause to be served upon or send by prepaid registered mail to such person an order containing:
 - a. the municipal address or the legal description of such property.
 - b. reasonable particulars of the repairs to be effected or a statement that the site is to be cleared of all buildings, structures, debris or refuse and left in a graded and levelled condition and the period in which there must be compliance with the terms and conditions of the order and notice that, if such repair or clearance is not so done within the time specified in the order, the municipality may carry out the repair or clearance at the expense of the owner, and
 - c. the final date for giving notice of appeal from the order.
- (4) A notice or order under subsection 2 or 3, when sent by registered mail shall be sent to the last known address of the person to whom it is sent.
- (5) If the officer is unable to effect service under subsection 2 or 3, he shall place a placard containing the terms of the notice or order in a conspicuous place on the property, and the placing of the placard shall be deemed to be sufficient service of the notice or order on the owner or other persons.

5 PROPERTY STANDARDS COMMITTEE

- (1) A Property Standards Committee shall be established by the Council by by-law, comprised of three ratepayers of the municipality, who shall hold office at the pleasure of the Council.
The members of the Committee shall be named by resolution of Council, and will elect one of their members as Chairman, and the Committee shall make provision for a Secretary for the Committee.
- (2) Two (2) members of the Committee shall constitute a quorum.
- (3) Any member of the Committee may administer oaths.
- (4) A member of the Council of the Corporation or an employee of the Corporation or of a local board thereof is not eligible to be a member of the Committee, but a teacher employed by a board of education or school board is not deemed to be an "employee" for the purpose of this sub-section.
- (5) The secretary shall keep on file minutes and records of all applications and the decisions thereon and of all other official business of the Committee, and Section 216 of the Municipal Act, R.S.O. 1970, C.284, as amended, applies mutatis mutandis to such documents.
- (6) When an owner or occupant upon whom an order has been served in accordance with this By-law is not satisfied with the terms or conditions of the order, he may appeal by registered mail to the secretary of the Committee within fourteen (14) days after service of the order, and, in the event that no appeal is taken, the order shall be deemed to have been confirmed/
- (7) The Secretary of the Committee, in receipt of the notice of appeal referred to in Subsection 12, shall:

- a. determine the date, place and time of the hearing of the appeal which shall take place not less than seven (7) days and not more than thirty (30) days from the date of receipt of the aforesaid notice; and
- b. give notice in writing of the date, place and time of the hearing referred to in paragraph a to:
 - (i) the appellant,
 - (ii) the officer who issued the order, and
 - (iii) any other interested persons who appeared at the appearance held pursuant to Section 4 (3), said notice to be served personally or by registered mail.

(8) The Committee shall:

- a. hold the hearing referred to in Subsection 13 at the date, place and time set out in the notice, and
- b. have all the powers and functions of an officer.

(9) The Committee may adopt its own rules of procedure.

(10) The applicant may appear with or without Counsel at the hearing, to present his appeal.

(11) The Corporation shall be represented at the hearing by the Town Solicitor, or his duly authorized subordinate or assistant, who is entitled to reply to the appeal presented on behalf of the applicant.

(12) The Committee may:

- a. confirm the order,
- b. modify or quash the order, or
- c. extend the time for complying with the order provided that, in the opinion of the Committee, the general intent and purpose of this By-law and of the official plan of the Corporation are maintained.

(13) The Committee shall give its decision in writing.

(14) The Secretary of the Committee shall notify:

- a. the appellant,
- b. the officer who issued the order, and
- c. any other person who appeared at the hearing of the appeal, of the decision, by causing a copy to be served personally or by registered mail.

(15) Honoraria shall be paid to members of the Committee set by Council for each meeting attended.

6. CERTIFICATE OF COMPLIANCE

(1) Following the inspection of a property, the officer may, or on the request of an owner shall, issue to the owner a certificate of compliance if, in his opinion, the property is in compliance with the standards of this By-law.

(2) Where a certificate of compliance referred to in subsection 1 is issued at the request of the owner, the owner shall be required to pay a fee of \$10.00 to the Corporation of the Town of **Iroquois**.

7. PENALTIES

(1) A Penalty of not more than \$500.00 shall be levied upon an owner for each day that he is in contravention of an order that is final and binding, such penalty to be recoverable under the Summary Conviction Act.

- (2) Every person who removes a placard referred to in Section 4 (5) is guilty of an offence and shall, upon conviction thereof, forfeit and pay a penalty of not less than \$5.00 and not more than \$50.00, exclusive of cost and every such fine is recoverable under the Summary Convictions Act.
